

INSTRUCTIONS FOR FILING REPORT PURSUANT TO I.C. 20-5-43-1 and I.C. 20-5-43-2

It has been the responsibility of each school superintendent to have the heating systems burner assemblies and supporting gas, oil, propane, or any other fuel lines used for school purposes inspected annually by a competent heating contractor.

The report of inspection shall be filed with the State Fire Marshal, on forms supplied by the Office of the State Fire Marshal prior to September 1st of each year. (I.C. 20-5-43-2)

Forms shall be distributed to each school superintendent on or before June 1st of each year.

Each school superintendent shall keep in their file a copy of the inspection reports of the schools under their jurisdiction.

STATE FIRE MARSHAL INSPECTION REPORT
